OFERTADOS

I. TO ARRIVE

(Offered by Steve) waltz

The small voice whispers for me to find
To find my way back home
I search, I look, I come to find
To find my way back home

From the darkness I call
And my Master arrives
To heal me of all my suffering

In the light of the truth
I will be at your side
To lift you from all your sorrows

Be in the truth, there's no need for lies
God calls us all back home
Don't stop, keep searching you soon will find
All things you seek inside

In the calmness that comes
From the presence of mind
Receive the gift-I AM

It's through giving and loving
And true gratitude
You will know me for who I AM

Here now the truth, there's no need to hide
Just feel me deep down inside
Trust and let go and in God you will find
A comfort I only provide

Release now the burdens
And feel yourself rise
Unto My Holy Light

Cherish my presence
Be one with my Essence
And know that you have arrived

II. WHO RECEIVES THE STAR

(Offered by Steve)

With firmness it's made clear
Everything I need to do
Everything I need to do
With firmness it's made clear

To work to surrender myself
With faith I will arrive
With faith I will arrive
To work surrender myself

This path will ask of all
To give so to receive
To give so to receive
This path will ask of all

I make firm what I've received
Here inside of the doctrine
Here inside of the doctrine
I make firm what I've received

I receive my star to shine
I give back what I've received
I give back what I've received
I receive my star to shine

I commit to attend the works
To the work, to give of myself
To the work, to give of myself

Saint of the jungle, to this house
Land here and bless all of us
Shining the brilliance of the sun,
The moon, and the stars

Oh Beija-flor, Oh Beija-Flor, Oh Beija Flor
There in the heights where you are
Vibrate your wings, vibrate your wings,
Vibrate you wings

And the healing
Works the same way as you are
With such beauty and agility
With the plants of knowledge
And the spirit that lives in the tea

MY FATHER I THANK YOU

(Offered by Marcio) waltz

My Father I thank you
What an honor to serve you and to heal
Forever I thank you my Father
So much beauty that I found here

On the other side of the earth
There is so much to be learned
I ask for strength I ask for firmness
Surrender let the sorrow go

So much suffering has taken the world
With the illusion all want to go
May this brilliance save these souls
Let this light through all darkness flow

We must choose now this is the time
With much will climb this steep climb
With the sun, the moon, and the stars
To withstand and to be with the Christ

With the Master Joramidam
With Mother Nature
In the New Jerusalem
Deserve joy and a new life

1. THE GIFT OF THE STAR

(Steve)

Star from heaven
Shot through the sky
Shot through the sky
And into my heart

Into my heart
A piece of the divine
How deserving am I
Of this gift

This gift sent to me
To share here on earth
Into our hearts
Straight from the divine

It fills us with purity
It flows if you don't resist
The transformation from this drink
Embraced in your soul

| This road we travel
| Begs for unity
| Unity my brothers and my sisters
| True unity

This gift sent to me
From the Master Joramidam
With the essence of the Christ
And the grace of the Queen

2. MESSAGE FROM THE HEAVENS

(Marcio)

All children of the Queen listen closely
Here's a message from the Heavens
To be filled with Divine Love
We must be firm in the Truth

The battle has already started
Now it's time for us to join
With the forces of Shining Brilliance
That the truth of God illuminates

Let us all accept the challenge
Of rescuing ourselves
Being firm for our brothers and our sisters
So we may all live in the Light

In this illusional world
We must not weaken our protection
To stand firm through temptation
So we may rid the world of darkness

My brothers and sisters, my brothers and sisters
It's time to unify
Release what separates us
So we may not destroy our garden

The Master and the Queen
Is from whom this is demanded
We must listen to our Creators
There is no time for small distractions

The distractions that take us off course
Are not from the highest
Stay firm in the truth
So the teaching of God will be strengthened

3. CHILDREN OF THE GARDEN

(Karina Sulla)

The Earth is a garden
That was given to us
Such a precious gift
From our Creator above

Oh children of the garden
Let's play in the fields
Oh children of the Queen
Let's nurture our garden

From the crash of the ocean
To the sprinkle of the rain
The rustle of the leaves
And the kisses from the wind

Oh children of the garden
Let's play in the fields
Oh children of the Queen
Let's nurture our garden

Emerald green of the forest
Formations of the clouds
The colors of the flowers
And the Earth beneath our feet

Let's give thanks for our sight
Let's give thank for our love
Let's give thanks for our family
All divine gifts from above

From the brilliance of the sun
To the blue of the sky
The shine of the stars
And the white glow of the moon

Let's give thanks to our Padrinho
Let's give thanks to the Queen
Let's give thanks to the Lord
And Master Joramidam

4. THE JOURNEY

(Steve)

As I walk through this land of illusion
All the power of the angels are with me
To guide me on this journey,
 through the smoke and the mirrors
Let the power of the love flow straight
 through me

Let it flow, let it flow, let it flow
Please Eternal Holy Father let it flow

In the valley of all this darkness
Let the light from my heart shine the way
So that all that may be hiding,
on this path that I walk
Where I cannot see can be exposed

Please Eternal Holy Mother, let it flow
From the darkness of the depth that I hold

I bow at the foot of the cross of my Jesus
With my head lowered in all humbleness
She tells me with all strength,
 in my Master I'll arrive
With faith, peace, and tranquility

She illuminates my heart,
She illuminates my mind
She illuminates my soul with her força

With so much to be learned
from the heavens from above
I ask to absorb all the knowing
Please my mother Queen,
hold my body, comfort me
And shield me from all the judgments

Eu peço muita fé, eu peço muita fé
Eu peço toda fé do meu Mestre

5. I FIRM MYSELF

(Eileen Fanelli & Padrinho Sebastião)

I firm myself in the beautiful day
I firm myself in the beautiful day
I firm myself in the stars and the moon
And in the sun of the beautiful day

The sun with all its brilliant strength
Illuminates my soul
It overcomes the suffering
So all the flowers in my garden can grow

6. SALVE A SANTA MARIA

Salve a Santa Maria

Salve a Mamãe da natureza

Salve a Virgem Mãe

Salve a graça da nossa Senhora

Salve a força da floresta

Salve a força do mar

Salve a força da luz do sol

Salve a força do luar

Salve a nossa saúde

Salve o meu Senhor Joramidam

Salve a força do meu Pai

Salve o amor de Jesus Cristo Redentor

7. DOCTRINE

(Tommy Tierney)

This doctrine is very simple
If only we all understood
We would not suffer at all
We would be in perfect união
We would be in harmony
Loving each other
And leaving the judging behind

Please my brothers and sisters
I implore and beg for all to be as one
This rebanho do São João
Would be like a crystal of pure perfection
If we stop pushing for others to follow
And truly just follow in ourselves

Please my brothers and sisters
I beg you and want you to heed my words
The Master has spoken
And asked us to be in the union, true união
The heavens are waiting
And holding us dear
So that we can finally get it right

| There is so much suffering on this planet
We don't need to add
It is time to unravel your judgment
On your neighbor so you can be free
It is time for you to finally and for good
Be reverent to the words of Mestre (the Master)

8. CAMINHO DA VERDADE

Vamos todos, meus irmãos,
Prestem atenção
Prestem atenção, meus irmãos,
Bem atenção

Bem atenção
Neste momento do poder
Para continuar a jornada
Para acompanhar ao Mestre

Vamos todos meus irmãos
Com alegria
Com alegria,
Alegria e amor

Porque amor
É o caminho da verdade
Vamos seguir o caminho
Vamos seguir direitinho

| Este momento, meus irmãos,
| É muito importante
| Muito importante, meus irmãos,
| Muito importante

Prestem atenção, meus irmãos,
Bem atenção
Para continuar a jornada
No caminho da verdade

9. THIS BEAUTIFUL LIFE

(Annabella)

How fortunate I am
To seek and to discover
The sun, the moon, and the stars
That guide me well every day

How I love my Father
And I have all gratitude
For the earth, the wind, the sea
And for all my family

I promise to be faithful
With obedience and loyalty
Forever to follow in this line
That gives me this beautiful life

I give thanks to my Father
And to my beautiful Mother also
For all the riches in my life
And the brotherhood (sisterhood)
that wishes well

This is so marvelous
This precious gift for us to see
We are all sons (daughters) of this line
Let's all behave accordingly

9. ESTA BELA VIDA

(Annabella)

Que afortunado que eu sou
Para buscar e descobrir
O sol, a lua, e as estrelas
Que me guiam bem todo dia

Que eu amo meu Pai
E eu tenho toda gratidão
For the earth, the wind, the sea
And for all my family

Eu prometo ser fiel
Com obediência e lealdade
Para sempre seguir nesta linha
Que me deu esta bela vida

Eu agradeço a meu Pai
E minha bela Mãe também
Por toda riqueza na minha vida
E a irmandade que nos quer bem

Esta é tão maravilhosa
This precious gift for us to see
Todos somos filhos desta linha
Let's all behave accordingly

10. I RECEIVED

(Peter Sebastian)

I invite my brothers and sisters
For everyone to pay attention
Because my Father speaks
Softly
It's necessary to listen well

Indoctrinate yourself
In the presence of my Father
For the time has come
To choose
The path to your salvation

Oh my Papapai in Heaven
My Mãezinha of Earth
To you I beg
And I asked
With all gratitude I received

10. EU RECEBI

(Peter Sebastião)

Eu convido os meus irmãos
Para todos prestar atenção
Porque meu Pai fala
Baixinho
É preciso bem escutar

Indoctrinate yourself
In the presence of my Father
For the time has come
To choose
The path to your salvation

Oh meu Papapai do Céu
Minha Mãezinha da Terra
A Vos eu rogo
E pedi
Com toda gratidão eu recebi

6.

(Mila)

In the heart of the world
Is where the Master resides
And when my heart is calibrated*
It turns into the Key

The Key inside my heart
It unlocks the Universe
My Mother whispers the secrets
Of the Sacred Geometry

The Moon gives me peace
The Sun gives me strength
In the Yin and the Yang
It's up to me to apply

Within the infinite circle
Which completely envelops me
The Sun, the Moon, and the Stars
The Earth, the Wind, and the Sea
Is where I put my faith
And my loyalty

**calibrated to the heart of the world*

7.

The Master is in me
And I am with my Master
In the waves of my consciousness

The seed that germinates
Into a precious flower
Must be protected and adored
In the garden of my gratitude

Will always be revealed
To the faithful servant
Who walks barefoot on this path

This Force so beautiful
Will also bring you to your knees
Those who run, go and run
I'll stay right here with my Queen
